

Creating a BYO Agent resource#

If you want to bring your own dotnet agent to kagent first check this out :

<https://massimocrippa.com/blog/f/bringing-your-own-microsoft-agent-framework-agent-to-kagent>

```
"timestamp": "2025-08-14T22:15:04.276358+00:00"

},

"taskId": "59d2b071-04e9-4fef-a0dd-e925dd13cceb"

}
```

!!Important information!!

The kagent-dotnet version does only support A2A 0.3
